Manuscript ID: ez-2016-00398y.R1

Dear Dr. Sun:

Your manuscript entitled "Legacy and Emerging Perfluoroalkyl Substances Are Important Drinking Water Contaminants in the Cape Fear River Watershed of North Carolina" has been assigned to the following editor:

PBI / Ex. 4

Please address all future correspondence regarding this manuscript to the above editor.

Submission of a manuscript to implies that the work reported therein has not received prior publication and is not under consideration for publication elsewhere in any medium, including electronic journals and computer databases of a public nature. This manuscript is being considered with the understanding that it is submitted on an exclusive basis. If otherwise, please advise.

Also please note that according to ACS Ethical Guidelines to Publication of Chemical Research, all authors must have reviewed and approved the submission of their manuscript. If you are a coauthor and approve its submission, no action is necessary. If you do not approve its submission to Environmental Science & Technology Letters, please let us know as soon as possible. Refer to the manuscript number listed above in any correspondence, or you may simply reply to this message leaving the subject line intact. For more information on ethical responsibilities of authors, see the Ethical Guidelines to Publication of Chemical Research at <http://pubs.acs.org/page/policy/ethics/index.html>.

ACS Publications uses CrossCheck's iThenticate software to detect instances of similarity in submitted manuscripts. In publishing only original research, ACS is committed to deterring plagiarism, including self-plagiarism. Your manuscript may be screened for similarity to published material.

Sincerely,

logan-office@estlett.acs.org

PLEASE NOTE: This email message, including any attachments, contains confidential information related to peer review and is intended solely for the personal use of the recipient(s) named above. No part of this communication or any related attachments may be shared with or disclosed to any third party or organization without the explicit prior written consent of the journal Editor and ACS. If the reader of this message is not the intended recipient or is not responsible for delivering it to the intended recipient, you have received this communication in error. Please notify the sender immediately by e-mail, and delete the original message. Thank you.
